Subject: Objection to Redistribution of my Electorate

Dear Sir/Madam,

I wish to make this my formal Objection to Redistribution of my Electorate the Murray.
I think that the electorate you live in should not be controlled by how many people that live there. You will never get the exact % that you are looking for to make these changes as people move. So you will be changing the electorate more often than you think, especially if immigration keeps growing. What if you only had one MP for the whole of Victoria. Would that be better. Didn't think so, Why should I vote for someone who could live 5 Hrs away, would someone in the city they vote for someone 5 Hrs away, don't think so.
So leave it how it is I don't care if I vote with One person or Half a MILLION, IT's the area I live not who I share it with. And if it doesn't work out for the person you vote for bad luck.
Murray Electorate has been around since 1948/1949.
Why Dont you get rid of Lalor or Warringah electorates
Thank you for your time
Regards Dean Rudeforth
