To whom it may concern,we are concerned at the proposed boundary changes that would see the demise of the seat of Murray and have it replaced with a fringe metropolitan seat.The people of country Australia need more representation,not less.We have specific issues relating to our area including water,lack of medical GP's,fruit industry,dairy industry,lack of midwifry services to name a few.And to propose to place us here in Kyabram in the seat of Mallee is not right because our aera is very different,in terms of population density,farming uses and types and farm density.Please do not make any changes to weaken the voice of rural Australia. Regards Leigh & Lynne Johnston.18 Richards St.Kyabram 3620.
