27.8.10.

Australian Electoral Commission,

Dear Sirs,

As Murray stands now, we are mainly
based on Irrigation Agriculture.

The Mallee Region is mainly dry land and cropping.
As it is now, the elected representative has enough
trouble servicing his electorate -
without making it larger.

We feel strongly that we need the Electorate of
Murray. Rural communities have different
values and expectations than Metropolitan
population -

Our future stands with strong farming -
communities, better Planning Rules that allow
for more people to build homes in small -
communities and develop more Industries -
in the Food Bowl of Victoria.

Yours Sincerely,
Ron. Ronda Grossman
