Australian Electoral Commission,

Dear Sir

I wish to object to the proposal to abolish the electorate of Victorian Murray. There are many ways the electorate of Murray could be reworked to be within population tolerances.

The electorate of Mallee should not be forced to include Echunga, which is so far from the mainstream of Mallee. I do not like the reduced rural representation that the abolition of the electorate of Murray will create.

Yours Sincerely  
Harold Chalmoners  
age 86.
