Subject: Objection to Melbourne Ports - Redistribution.

Dear Mrs McMullan,

I am disappointed to learn of nature of the Melbourne Ports redistribution.

The local member MP has worked extremely hard to support the communities that make up Melbourne Ports. These communities are not well represented within Higgins and should not be divided.

It would be more appropriate that the boundary be cast along Caulfield race course and not along Orrong road as proposed. Also the redistribution would see Higgins cross Dandenong road. This road has always been a natural boundary and should be retained.

The demographics of the communities that bound Hoddle Street and Williams road, would be better represented by the member of Higgins than Melbourne ports.

I fully appreciate that some seats require redistribution but care should be taken to understand the make up of Melbourne Ports.

I look forward to hearing from you regarding this objection. I trust that you will take into account the views of the local residents prior to finalising the redistribution.

Regards

Daniel Zmood
