Joint Media Release from Senator Robert Hill and Premier John Olsen

MAJOR BOOST TO AUSTRALIA'S WINE INDUSTRY AND ENVIRONMENT IN SOUTH AUSTRALIA

The South Australian Government has been successful in its application for Federation Funding for the National Wine Centre.

In a joint announcement today by Senate Leader and Minister for Environment, Senator Hill and the Premier, John Olsen, the Commonwealth has confirmed the project will receive \$12 million.

The Premier also announced today that the Government will purchase Glenthorne Farm from the Commonwealth Government.

"The National Wine Centre will be a national and international showcase of Australian wines, winemakers and wine regions. This unique joint venture between the Federal and South Australian Governments and the wine industry will bring together two of Australia's most dynamic industry sectors - the wine industry and the tourism industry," Senator Hill said.

"The Coalition Government is delighted to support a national project which will boost exports, provide jobs and reinforce Australia's reputation as a world class wine producing nation."

The wine industry is worth in excess of \$2 billion per year to Australia's economy and \$700 million in export earnings.

The Premier said the Federation Funding represented a major contribution to the National Wine Centre by the Commonwealth Government.

"This national recognition is important as it demonstrates to the rest of Australia that the Commonwealth Government is showing major support for a national initiative in South Australia.

"Part of the funding will go toward stage one of the Botanic Wine and Rose Development which incorporates the refurbishment of the Goodman building and Tram Barn A which are both heritage listed buildings. These sites will accommodate the Botanic gardens Administration and State Herbarium facilities."

Premier Olsen has also announced that the Government will purchase Glenthorne Farm from the Commonwealth Government for a price of \$7 million.

"The CSIRO has been looking to sell this site since 1991 and have looked at various options for its use including urban development. We have decided to purchase this site and will examine how Glenthorne might best be used to the benefit of the State. but I can guarantee that housing will not be investigated as an option for this site.

"One option we are examining is the establishment at Glenthorne of an educational and research viticultural facility, together with a commercial vineyard which could fund the research and training courses. Given the significance of the wine industry to Australia and South Australia, this option would provide additional research facilities to the growing industry. We will immediately seek industry advice from representative national wine bodies to develop synergies with the National Wine Centre."

Senator Hill said the decision to retain Glenthorne Farm as green open space for use by the community was a sensible one and a big win for the environment.

"By ruling out urban development, it will not only mean that the unique character of the area will be retained but that flora, habitat and water quality will be protected. It will also provide the opportunity for revegetation and environmental restoration works to be carried out.

"The decision is particularly a credit to Susan Jeanes, the Member for Kingston, who has lobbied strongly to have Glenthorne retained as open space for the benefit of residents of the area and the people of Adelaide," Senator Hill said.

He also praised the efforts of the Minister for Industry, Science and Technology, Mr John Moore, who facilitated negotiations with CSIRO in relation to the property.

Premier John Olsen said the proposal to use Glenthorne Farm as a research facility has been vigorously pursued by the Member for Mawson, Robert Brokenshire.

"Robert is a dedicated advocate of the wine industry and he is committed to this project."

MEMORANDUM OF UNDERSTANDING made August 1998

BETWEEN

COMMONWEALTH GOVERNMENT OF AUSTRALIA ("COMMONWEALTH")

AND

THE COMMONWEALTH SCIENTIFIC INDUSTRIAL RESEARCH ORGANISATION
("CSIRO")

AND

STATE GOVERNMENT OF SOUTH AUSTRALIA ("SOUTH AUSTRALIA")

RECITALS

- A. CSIRO own a property called "Glenthorpe" in South Australia.
- B. The "Glenthorpe" property comprises approximately 500 acres and is situated 16 kms from the city centre of Adelaide.
- C. Pursuant to discussions between the Commonwealth, CSIRO, and South Australia on 4 August 1998 CSIRO has agreed to sell the "Glenthorpe" property and buildings contained thereon to South Australia.
- D. Following discussions between the Commonwealth, CSIRO, and South Australia the sale and transfer of the property will take place on the basis set out below.

UNDERSTANDING

1. CSIRO agrees to sell to South Australia the "Glenthorpe" property for \$7 million which is considered by all parties to represent a fair and reasonable price.
2. South Australia agrees to pay CSIRO \$700,000 as a deposit within thirty (30) days of signing of this Memorandum of Understanding. The balance will be payable twelve (12) months from the date of the contract or such other date as agreed between the parties.
3. Stamp duty and registration costs associated with the sale and transfer of the property are to be borne by South Australia. Agent and other fees incurred for the purposes of the sale and transfer of the property will be met by CSIRO. Each party will pay its own legal costs.
4. The sale of "Glenthorpe" is conditional upon no urban development taking place at the property other than for the purposes ancillary to use of the site described in 5.

5. South Australia agrees to establish a Committee to examine future options for the "Glenthorne" site which will include, but not be limited to, an educational and research viticultural facility and commercial vineyard.
6. CSIRO will be responsible for any remediation costs incurred by the State arising from CSIRO's use and occupation of the "Glenthorne" site.
7. The Commonwealth agrees to examine any application from South Australia for environmental restoration works to be carried out at the Glenthorne site.

ABOUT THE COLLEGE

In the late 1970's Pastor Garrie Fischer had a dream of R-12 Lutheran Education in the Southern area. His vision included a Christian college on the site adjacent to Tatchilla Lutheran Camp.

The site is surrounded by the gently rolling hills of the Southern Vales, an area known for its viticulture, almonds and tourism. It is a rural environment within the greater metropolitan area and mere minutes from the southern suburbs.

This was his dream and the dream has become a reality.

On 29 January 1995 Tatchilla Lutheran College was officially opened and dedicated with 67 Year 8 students. Since that time the College has grown to include all secondary year levels.

On 30 January 2002 TLC realised another significant milestone as the school officially opened its doors to Primary schooling and became an R-12 single campus school.

The College will eventually grow to more than 850 students across Years R-12 supported by a staff in excess of 80.

The College is a member of the Lutheran Schools Association. It is operated by an association of Lutheran congregations of the Fleurieu Peninsula and administered by the Tatchilla Lutheran College Council.

Architects Rob Cheesman and David Kilpatrick have guided architectural development of the College.

Our building program will be in its ninth year. The original purpose built buildings comprise the Primary School and sporting and grounds facilities. These are well supported by our Administration Centre, Science Centre, Library, Music Centre, Performing Arts Centre, Hospitality and Visual Arts Centre, Physical Education Centre, and sporting and grounds facilities. We are pleased to have a Commonwealth Grant for the construction of our Stage 2 Primary School building. Buildings are designed to be energy efficient and air-conditioned. Playing grounds are being developed to reflect environmental sensitivity.

We are committed to teaching the love of Christ, who enables each of us to live a fulfilling life which values self-worth, pursues excellence and serves others. Regularly, we are reviewing, reshaping and carving a place for all who share in the same.

TATACHILLA LUTHERAN COLLEGE

INTRODUCTION

TATACHILLA LUTHERAN
COLLEGE

ENROLMENT POLICY

Tatachilla Lutheran College is a co-educational R-12 Christian school operated by an association of Lutheran congregations of the Fleurieu Peninsula and administered by the Tatachilla Lutheran College Council under the auspices of the Lutheran Church of Australia.

Tatachilla Lutheran College believes in teaching the love of Christ for a fulfilling life which values self-worth, pursues excellence and serves others.

The student population is comprised of a variety of religious backgrounds, Christian denominations and social and economic circumstances.

Therefore, Tatachilla Lutheran College Association Incorporated offers a Christian education program to all applicants regardless of ethnic origin, gender, religion, ability or disability, provided that:

- 1) through enrolment procedures parents/legal guardians seeking enrolment for their child/children undertake to willingly and freely support the stated aims and policies of Tatachilla Lutheran College as found in the Prospectus
- and 2) adequate space and resources are available

Enrolment priorities are determined from time to time by the Tatachilla Lutheran College Council.

The current priorities are:

1. Siblings of past or currently enrolled students
2. Children of TLC Old Scholars and staff
3. Year 7 graduates of Calvary Lutheran School, Our Saviour Lutheran School, Encounter Lutheran School and other Lutheran Primary Schools
4. Members of Lutheran congregations
5. Other enrolments

Additional enrolment information relevant for Reception children

- We only have two Reception intakes per year – at the start of Term 1 and then Term 2.
- Children who turn five on or before 30 April in each year may be enrolled in the Reception class at the start of Term 1 and will normally spend four terms in Reception.
- Children who turn five on or before 31 July may be enrolled at the start of Term 2 and will normally spend three terms in Reception.

The above enrolment priorities will be honoured until 1 May each year prior to the year of enrolment.

Parents/legal guardians are advised to lodge applications for enrolment as early as possible. A non-refundable administration fee of \$40.00 per child and/or \$50.00 per family is charged on application of each enrolment.

The processing of applications shall include an interview between the parent/legal guardians of the applicant student, the student and the Principal or Principal's nominee. This generally occurs in Terms 1 and 2 preceding the year of enrolment.

The offer of a place in the College shall be confirmed upon payment of a \$200.00 tuition deposit for Years R-7 and/or \$400.00 tuition deposit for Years 8-12 and signing of the **Confirmation of Enrolment letter** by the parents/legal guardians of the applicant student. The deposit is later deducted from the first tuition fee account for the following year. The deposit is non-refundable after 30 June of the year preceding enrolment.

Tuition fees are paid one term in advance. Parents/legal guardians wishing to **withdraw their child/ren from the College are expected to give a minimum of one term's notice in writing. Failure to do this will result in forfeiting that term's fees.**

As part of the enrolment process, parents/legal guardians of students with disabilities or other special educational needs are asked to provide any relevant information including:

- medical reports, psychological and school assessments which detail the condition and associated difficulties;
- special requirements in relation to health and personal care;
- the names of any agencies supporting the student.

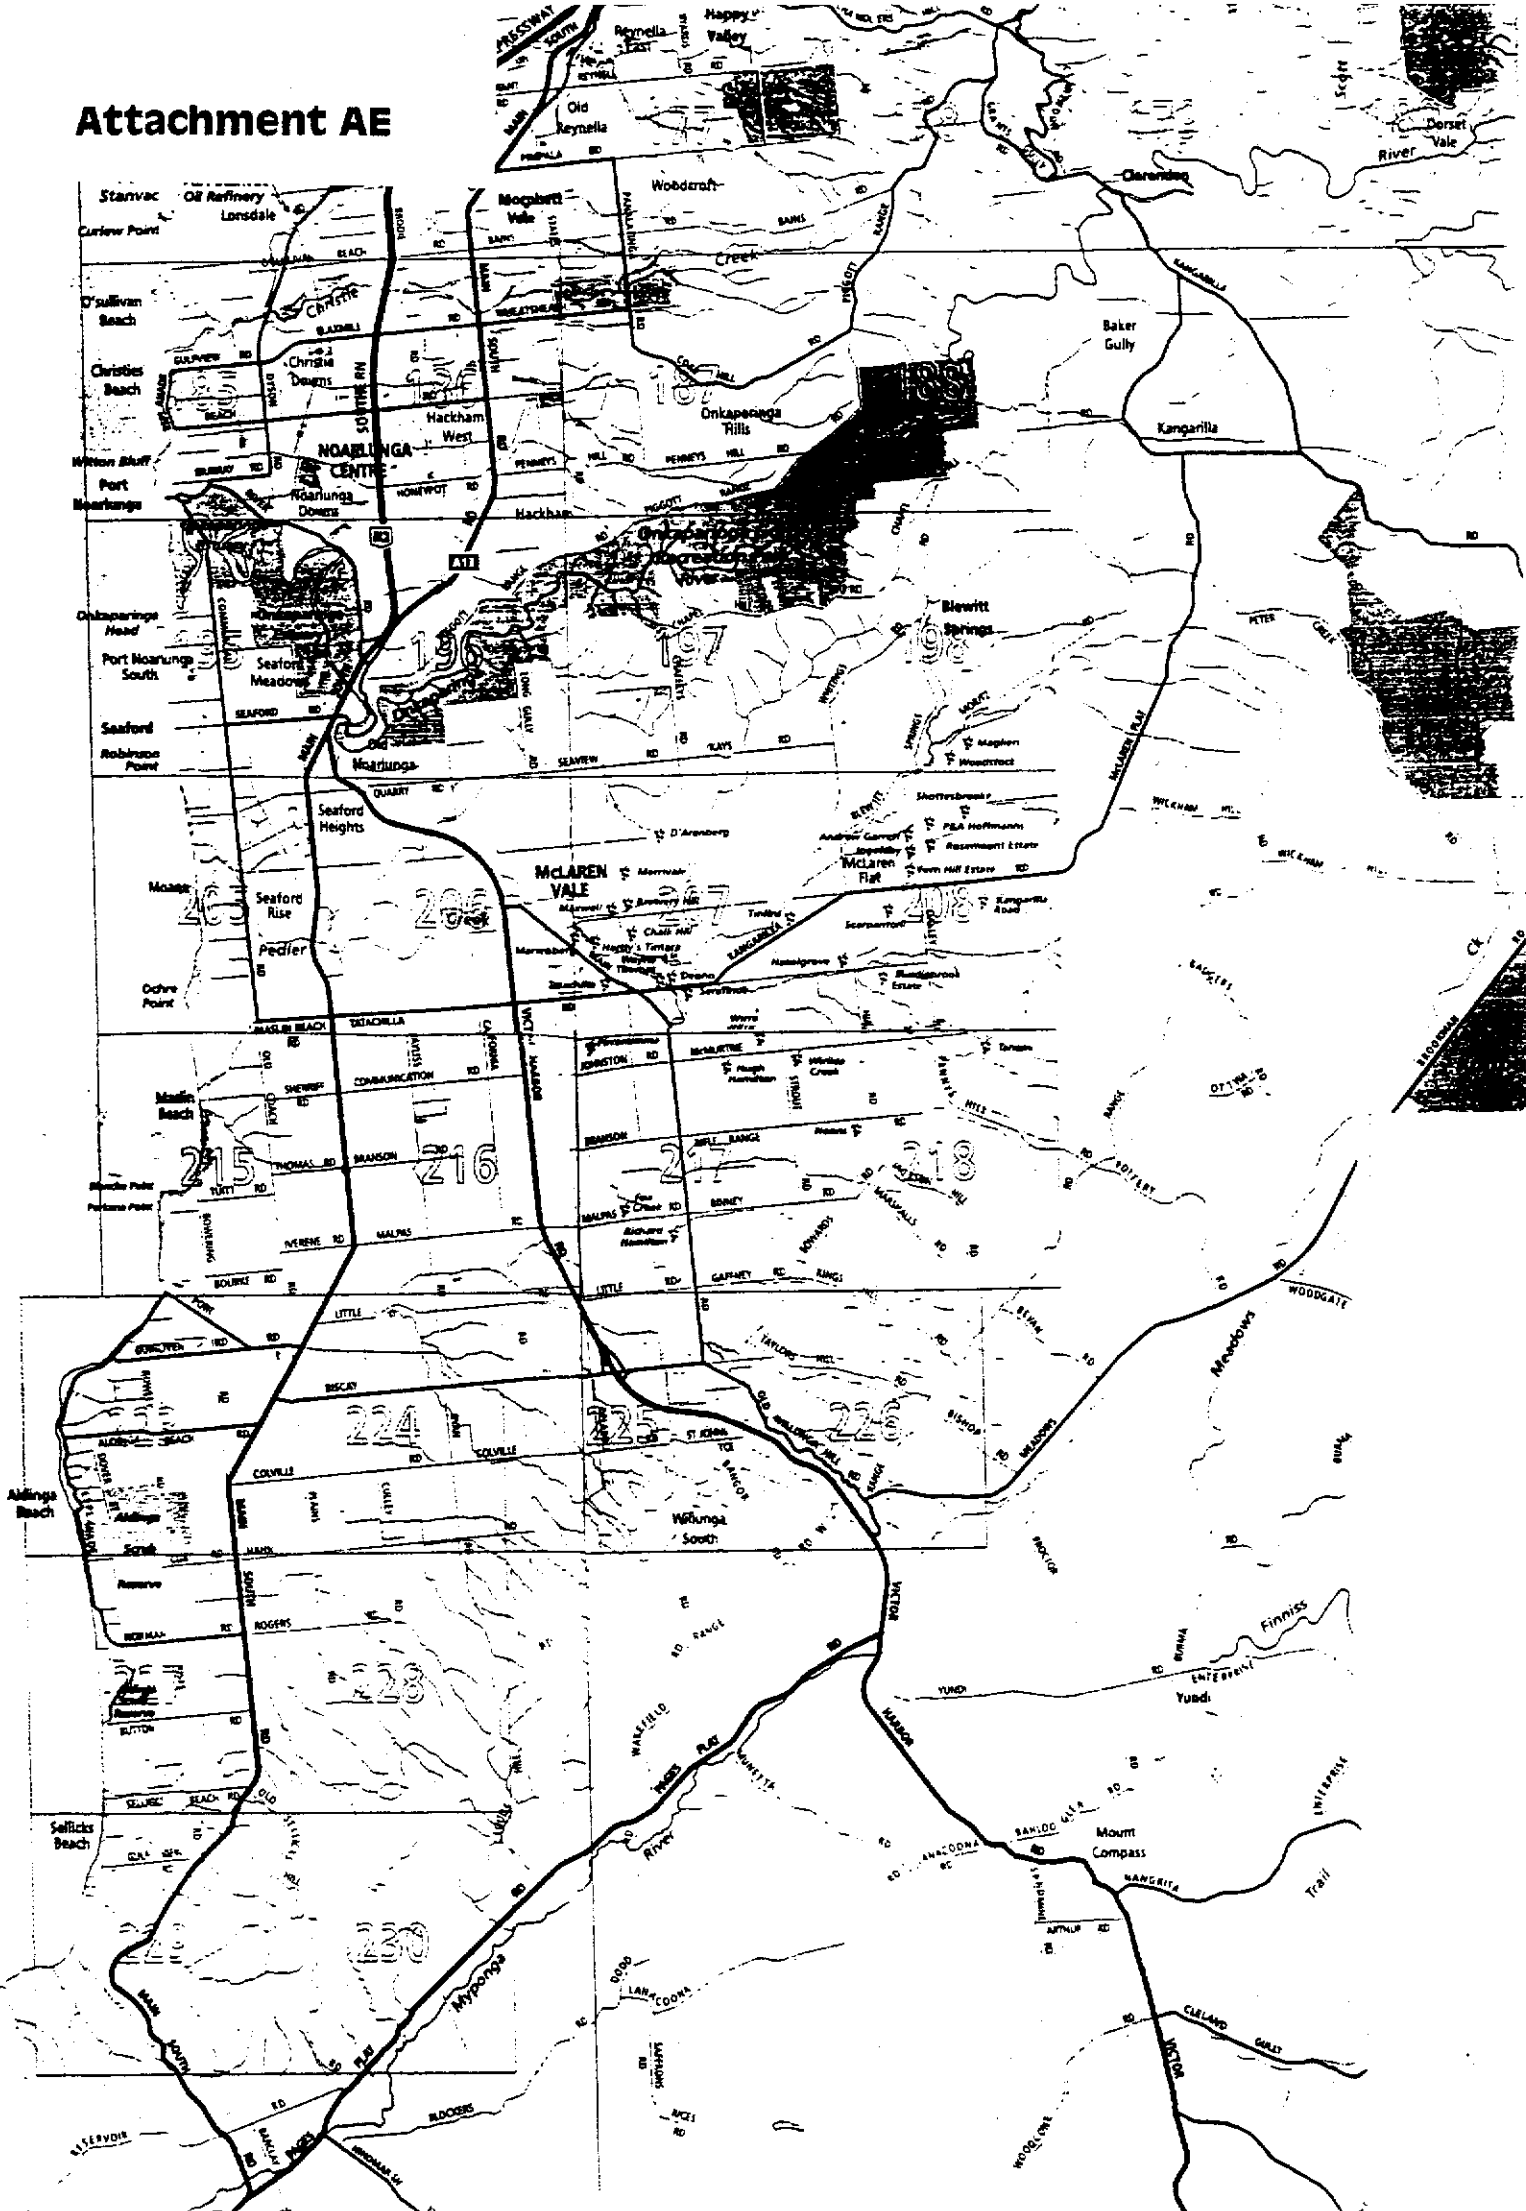

The Principal and/or the Special Education teacher/coordinator (and where the disability or educational issues are significant there may be advisory support from the Association of Independent Schools of South Australia with parental/legal guardian permission, will gather all relevant information in order to determine the student's educational needs. This will involve visiting the students in their current educational setting and collecting data from teachers, professional and other agencies involved.

Following the data gathering, the program of support that Tatachilla Lutheran College is able to offer would be discussed with the parents/legal guardians and a decision made about the enrolment.

All enrolments of students with special needs will be reviewed regularly to ensure the student's educational needs continue to be met.

If parents/legal guardians fail to disclose a student's special educational needs then the enrolment may be suspended until these can be determined.

SOUTHERN SUBURBS BUDGET STATEMENT

Cost of public transport to fall in the outer South

Public transport users in the outer South will no longer have to buy two tickets for the one journey into the city.

The Budget extends the Metroticket boundary to include the Route 750 and 751 bus services.

Residents in McLaren Vale, Aldinga, Sellicks Beach and Willunga can now travel on a Metroticket throughout their journey.

That means an adult travelling from Aldinga to Noarlunga and then to Adelaide can use the one Metroticket, saving up to \$4.40.

A student or pensioner travelling from Willunga to Noarlunga and connecting to Adelaide will save \$1.60 per journey, which could mean a saving of \$16 per week.

Facilities at the Old Reynella bus interchange will be improved and upgraded to include the popular park and ride service.

Roads in the South will be upgraded for safety.

Black Road will be sealed and kerbed at a cost of \$1.7 million

Commercial Road will be upgraded at a cost of \$5.55 million

The State Black Spot Program will improve safety at the:

T-Junction of Main South Road and Aldinga Beach Road

T-Junction of Main South Road and Biscay Road

Intersection of South Road and Daws Road

Intersection of Dyson and Beach Road

New safety works will commence along Port Road from Noarlunga to Cape Jervis at a cost of \$300,000

Extra teachers for schools in the South

The Budget boosts funding for computers, school maintenance and reducing class sizes to improve education standards in the South.

Extra Primary School counsellors will be allocated to Aldinga Junior Primary, as well as Port Noarlunga, Seaford, Seaford Rise, Coorara, Morphett Vale West, Pimpala and Reynella South Primary Schools.

TIMETABLE

**ROUTE 751 Monday to Friday Only
NORLUNGA CENTRE TO ALDINGA VIA MCLAREN VALE & WILLUNGA**

From Noarlunga Centre Station Zone E via right Hannah Road to Colonnades Zone A then via right Alexander Kelly Drive; right Goldsmith Drive; left Dyson Road; right Murray Road; left Gawler Street left Salfiteel Street; right Commercial Road; left Main Street; right Grand Boulevard; left Griffith Drive; continue via Robinson Road; right Victor Harbor Road; left Main Road (McLaren Vale) continue via Main Road (Willunga); left High Street; right Bishop Street; right St Judes Street; right Andrews Terrace; left Aldinga Road; continue via Biscay Road; left Main South Road; right Alding Beach Road; right Pridham Boulevard; Aldinga Shopping Centre; left Heathersay Avenue; left Rowli Road; right Butterworth Road; left Ratcliffe Road; right Aldinga Beach Road; right Esplanade to li terminus at the intersection of Aldinga Beach Road and Esplanade.
