The Australian Electoral Comm.

Dear Secretary

my husband & I are strongly
opposed to any move by your Dept.
to reduce the electoral offices in
Country N.S.W.

members representing country voters already
have huge areas to cover & any
reduction will be seen as your

Blatant disregard for country voters.

If reductions are required amend the
law so this can be done within city
areas where you have smaller areas.

Your office should look towards giving
country areas better representation by
further reduction in the already huge
electoral areas covered by M.P.s

Yours faithfully

M. J. Orman
