I wish to lodge an objection to the boundary changes to the proposed changes of Calare and Hunter electorates

- ① The new boundaries have Kandos and Rylstone in Hunter however this area has very little if any affiliation with the hunter region the majority of medical and government support plus other services if not local are provide from the Bathurst Lithgow Orange & Mudgee
- ② The new boundary as proposed also splits the community of Clandulla in two with neighbours on opposite sides of the road in a small community being in different electorates
- ③ This situation could easily be corrected by having the Calare boundary on the eastern side of Rylstone Kandos & Clandulla follow the Easter n boundary of the former Parkes electorate which is also the mid western council boundary .I am sure this would not change the voter numbers in either Calare or Hunter by any significant numbers however would keep a Country community with similar interest united

Yours sincerely

Keith Smith
