Subject: Redistribution Secretariat Parts of Nth Sydney to Warringah

The proposal to put Neutral Bay and Cremorne out of North Sydney into Warringah electoral boundaries is a **nonsense**.

"You are perceived to have more in common and regional interest with voters from Manly Vale, Allambie, Brookvale etc than those of Cammeray, Milsons Point and Crows Nest."

This could only be perceived by persons who do not live in this area.

We have everything in common with Crows Nest, Milsons Point and Cammeray. **These are life style suburbs like ours.**

We have **nothing** in common with voters from Manly Vale, Allambie, Brookvale etc.

Most people in Neutral Bay/Cremorne don't know these suburbs at all except to purchase large items at Brookvale (or Chatswood)

We shop, go to market, eat out, etc and live our life style at Lavender Bay, Cammeray, Milsons Point and Crows Nest as an extension of our own area.

Mostly we get a bus or drive or walk or cycle the very short distance across the Expressway .

Recently we watched with joy at 1 am in the morning - the **over pass for walkers and cyclers** that was put in place over the Expressway.

Marvellous engineering.

I quote

"3. Wherever possible to unite communities of interest" Your redistribution does just the opposite as we are really one community. Ask those who actually live here.

"4. To use clearly identifiable features as divisional boundaries." Clearly on your planning paper the Warringah Expressway says boundary – it looks big and nasty on paper. Not so for those who live here. We are one community.
