NSW Redistribution  
objection

Dear Sir/Madam

I wish to send my objection in regards to the boundary adjustments for townships that are within the Mid-Western Regional Council area. As stated below with the extracts from the press release it would have of the Council area in one electorate and half in the other, it would once again mean that this Council would be divided.

- *If proposed federal electoral boundary changes go ahead, Mudgee and Gulgong will be in the seat of Calare, currently held by Nationals MP John Cobb.*
- *Meanwhile, Rylstone and Kandos would also shift out of Parkes, but into Hunter, currently held by Labor MP Joel Fitzgibbon*
- 

*He thought the change would be good for Mudgee and Gulgong because they will be closer to the offices of their local member and it will be a much smaller electorate for their member to get around.*

•  
*The redistribution proposal has been declared a victory for regional NSW with The Nationals' saying they wanted to prevent the loss of a regional seat in the federal redistribution.*

Could you please re address this area and keep the boundaries as they are.

Regards
