CREMORNE NSW 2090

I do not support the proposed redistribution and object because the assumption that I and or my neighbours have more community ties and interests with the voters/residents of Warringah, than the community which adjoins us in Cammeray, Milson's Point and Crows Nest.

In my working and social life I have had offices in Crows Nest, been and am a member of North Sydney Leagues Club and the RSL Club in Cammeray as well as having extremely long term friends in Cammeray and North Sydney. Neutral Bay and Crows Nest are my shopping districts and North Sydney is my transport hub.

Why would I or anyone in my area wish to be identified with Mosman and areas over the Spit Bridge when we are all geographically and socially linked to North Sydney and its associated community grouping? This is an emotional and historical tie, even though my family and I have only lived here since 1964.

I admit that I occasionally visit friends as far afield as Mona Vale, Epping and Canberra, but that is no criterion for linking me politically with the residents of those areas.

Please leave Cremorne as it is in Electoral boundaries. Long time residents know and trust their representatives and should not be moved into a new situation to accommodate the wishes of short term transient interests.

Yours sincerely,
