I wish to comment on the proposed electoral redistribution.

Could you please give us country people a fair go. Why don't you abolish a city seat (there seems to be plenty of them!).

We need Kay Hull who is a fantastic local representative. Mrs Hull has been our spokesperson on many and varied occasions.

I think we have enough going on in our lives, with the ongoing drought, job losses and the global economic crisis, without the politicians adding another dilemma!

Please take into consideration the country!
