Subject: Wagga Wagga

Importance: High

To Whom it may concern:

I wish to register my opposition to the boundry changes to effect the seat of Wagga Wagga. Surely it's time that the Government realised that people who live west of the Blue Mountains have rights to fair representation in Parlimant. The seat of Wagga takes in a huge slice of county NSW when in the city some Members can walk around their electorates in a day.

To change the boundry would mean that huge areas would need to be covered by the two reamining county seats. I trust that common sence will apply to this matter and the Government realises that country people need to have their voice heard.
