Subject: Electoral Boundary Changes

I have noted that consideration is being given to a redistribution of electoral seats, and there is a possibility that country seats will be joined which will result in the loss of a country seat and make a massive seat for one member to look after.

I ask that no changes be made to the Wagga Wagga seat, or any other country seat because of the large geographical area they cover at present.

If there is a need to redistribute it should be in the city areas as the distances are much smaller.
