Dear Chairman

I am writing in support of the naming of a new electorate after the late Warrant Officer Leonard Victor Waters.

WO Waters' widow, Mrs Gladys Waters, resides within my Ward and has often spoken to me about her late husband's service to our country including that he was the only known Aboriginal fighter pilot to serve in World War II. He served in flights over Papua New Guinea and survived many enemy attacks to become a role model to many Australians.

I would be happy to discuss this matter further should it be so required.

Yours sincerely

Matthew Bourke
