

The Federal Redistribution 2009
QUEENSLAND

Objection Number 7

Subject: Electoral Redistribution - Queensland

I object to the proposal for Queensland electoral district redistribution.

1. The Cairns suburbs of Edmonton and Kuranda should NOT be included in Kennedy, but should remain in Leichardt. They have NOTHING in common with Kennedy's rural population.
2. I note that "one elector, one vote" does not seem to be properly implemented in Queensland. Electoral areas in regional areas are shortchanged in representation compared to the Brisbane/Gold Coast area.
