Thank you for the opportunity of commenting on the redistribution of the federal electorates in Queensland.

My comment relates to the issue of community of interest on the Sunshine Coast and in the Moreton Bay Regional Council area.

It is logical that localities within the area of the Moreton Bay Regional Council currently in Fisher should be reunited in Longman with other parts of the Moreton Bay Regional Council area.

While it would have been desirable to re-include all of the areas lost to Fairfax in prior redistributions in Fisher, it is certainly logical that at least Sippy Downs and some other areas of the former Maroochy Shire have been reincorporated in Fisher maintaining Fisher as a central and southern Sunshine Coast seat.

Yours sincerely

PETER SLIPPER
