Objection to re Flemington to be removed out of the federal seat of Melbourne into Maribyrnong

- ❖ Flemington is very different demographically to Maribyrnong.
 - ❖ Flemington has different infrastructure needs to Maribyrnong - including greater demonstrated need for cycling infrastructure, open space, language and youth services.
 - ❖ The housing density of Flemington is more than twice that of most of Moonee Valley/Maribyrnong and this requires a different approach to services and infrastructure.
 - ❖ Flemington has historic, geographic and demographic connections to Kensington. The Flem/Ken connection has been ignored at local and state boundary changes.
 - ❖ Flemington residents are more likely to be properly represented in an electorate that includes its community of interest.
-
