Victorian Redistribution objections uploaded from the AEC website.

Name: Andriy Kogut

Organisation: Blue Bay Cheese

Address: [REDACTED]

Phone number: [REDACTED]

Additional information: As the owner of Blue Bay Cheese, I would like to object to federal redistribution of Dunkley. We run a business which has main production in Mornington, retail division/deli shop in Frankston and my family, mother and father as Mornington residents. So having to deal with two members of parliament would be difficult for our business (we have ongoing immigration and other matters to deal with)

As the owner of Blue Bay Cheese, I would like to object to federal redistribution of Dunkley. We run a business which has main production in Mornington, retail division/deli shop in Frankston and my family, mother and father as Mornington residents. So having to deal with two members of parliament would be difficult for our business (we have ongoing immigration and many other matters to address and to be dealt with). It's not fair to our business to have those areas separated and would be nice to see the assistance and understanding from the Australian Electorate Commission regarding this matter.

I also would like to talk on behalf of my staff members who raise the same concerns . We strongly believe that Mornington, Mount Eliza and Frankston should not be disconnected . Those areas are linked to one another and should be in the one electorate.

Yours faithfully,

Andriy Kogut,

Managing Director,

Blue Bay Cheese, Mornington

Blue Bay Deli, Frankston
