Dear Electoral Committee,

I would like the new electorate in Victoria to be named after Margaret Tucker.

She was one of " Australia's earliest and most notable Aboriginal activists."

She was recognized in her day for her efforts to bring about recognition of Aboriginal rights. She was awarded an MBE.

I believe we need more women represented in the electoral system.

By recognizing Margaret Tucker the electoral commission can help refresh history and show the bravery and strength of Margaret Tuckers' generally forgotten efforts.

I hope the Electoral Commission Committee will do so.

Thank-you for your consideration

Jennifer Wood
