Subject: redistribution, Paddington

Richard Kumar
People for Paddington
195 Latrobe Tce,
Paddington. 4064
2/10/03

I would like to object to the redistribution committee's proposal to split Paddington between the electorates of Ryan and Brisbane.

The proposal to split Paddington along the "spine" of Latrobe Tce and Caxton Street dislocates the community that live on both sides of this important commercial and community centre.

The Paddington community use the Latrobe and Given Tce to shop, catch public transport, as a social focal point and an entertainment area.

To have Paddington divided along these lines would have a negative impact on the suburbs ability to gain cohesive representation. Paddington has much more in common with the suburbs in the Brisbane electorate than those of Ryan and therefore should stay as a single entity in the electorate of Brisbane.

Yours Faithfully
Richard Kumar.
