Howard will do anything to destroy rival Parties and implemented an unfair and illegal scam so sitting members could spent last election up to \$400.000 of Tax Payers Money to buy votes and their opponent candidates got only \$3.000 of Tax Payers Money more than \$20 million was spent.

Australian Electoral Commission  
Level 7, 488 Queen street  
Brisbane 4001

30 August 2003

Dear Commission

I am living in Algester and don't want to be moved in the Electorate of Gary Hardgrave who has no compassion for the voters as when I rang him about Bulk Billing I was told to shop around to find a GP who Bulk Bills but a GP isn't a super market and we have a relationship with a GP. When I asked Gary Hardgrave to protect our children and tell Howard that Hollingworth was accessory, accomplice and involved with thousands of sex abuse crimes and hundreds of children were tortured while Hollingworth was Arch Bishop. Hardgrave didn't have the guts to tell dictator Howard.

Did Pauline Hanson and her advisors really know that the member list they presented wasn't acceptable and now we have the question why was it accepted by the Australian Electoral Commission. The list was of supporters of Pauline Hanson and One Nation, weren't they?

I wish I had money and I would take AEC, the Liberal Party and Howard with his ministers and ex-ministers to court. They all have been roting and making decisions in their personal interest.

Mal Colston frauded more than \$225.000 which was discovered in 1996 and he he didn't have to appear in court.

Scott Volkens sexual abused more than 3 girls and he doesn't have to appear in court.

Reith gave his Federal Government Phone card to his son who spent more than \$55.000 on it and we had a Senate Commission to retrieve the money, why wasn't Reith taken to court?

Reith stole \$10 million of Tax Payers money to secure his future after being Politician.

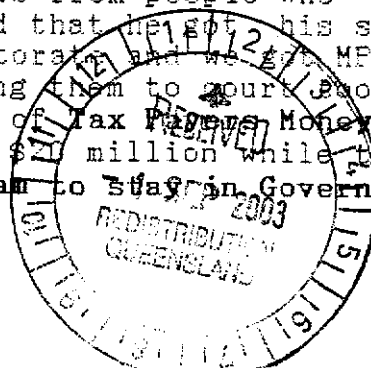

Wooldridge stole \$7.2 million of Tax Payers money to secure his future after being Politician.

Howard donated Tax Payers money to his relatives to keep their businesses going.

Maybe the AEC should face court too for not having the right procedures in place.

Howard implemented a not so fair game in our Election system as his sitting members are allowed to spent as much Tax Payers money as they like to keep their seats and buy votes from people who aren't even living in their Electorate. Tuckey admitted that he got his son who isn't living in his Electorate voting in his Electorate and we got MPs who aren't living in their Electorate. Is the AEC taking them to court too?

Liberal MPs spent up to \$400.000 of Tax Payers Money to retain their seats and the total spent was more than \$20 million while their candidates get only \$3.000. This is an Howard scam to stay in Government and it shouldn't happen in a democratic country.

Gary Hardgrave won the Moreton seat in 1998 with I think was 32.000 votes while Kathleen Brookes had only 26.000 votes because she got only \$3.000 for advertising and Gary Hardgrave got \$325.000 of Tax Payers money to buy votes plus \$3.000 for advertising.

Don't you think that we have to make Australia a democratic country again. Howard is a dictator and says "I can do what I like till the next Election".

Howard appointed Hollingworth as Governor-General as Hollingworth bribed him with what happened while he was Arch Bishop and Hollingworth made several 'Out of Court' settlements for sex abuse crimes and the one worth \$300.000 in 1993 got Hollingworth the job as Governor-General.

Howard has no compassion, credibility, honesty and is corrupt. Howard is always taking questionable actions to cover up and hide his illegal errors, mistakes and decisions.

Howard committed Australia in August 2002 to an Illegal Attack of Iraq and our soldiers injured and disabled in such a decision don't get a pension as they only get a disabled allowance of \$376 per fortnight.

Do you think this fair that Howard stands there with a smile and says that he made a decision in the Interest of Australia. Iraq wasn't a threat to Australia or the world as more than 80% of their weapons which were supplied by the US in 1984/1985 were destroyed in 1991.

Chemical Winston Churchill dropped mustard gas on the Kurdish because they didn't pay their Tax on time.

Chemical Campbell from the US dropped Gas on Iraq.

The US dropped more than 40 tons of bombs on Iraq in 1996/1999.

3.000 years ago the Iraqis had the highest IQ in the world and for thousands of years they have been victimized by the Western World which was possible as the Non-Western World wasn't prepared or willing to fight. Now we got terrorists attacks which is only revenge for what happened in the past.

The Queen of England is rich because her ancestors were stealing from the Non-Western countries. Why doesn't she show any compassion and return what they stole to help those countries.

They still say that it is allowed for Christians to steal from Non-Christians to increase the wealth of Christians.

Howard is taking 94% from the Oil- and Gas supplies of East Timor and Costello calls this skillful guidance.

The President of the Solomon Islands is the most corrupt person in the Asian region and Howard likes to keep him there so Howard and his friends can continue their money laundering.

The ancestors from most Australian citizens with a British past were convicts. England dumped them in Australia as it was a cheap way to get rid of criminals and keep England save.

Sincerely

Jan Verhoef
