Subject: Bonner

The Electoral Commission, Queensland division

Attention Mr Bruce Goodwin

Dear Sir,

The forthcoming redistribution in Queensland is of interest to my family and myself, and I understand it is acceptable for individuals to make suggestions for the name of a seat.

The name Bonner for our new Federal electorate in Queensland would be a continuation of recognition of Neville Thomas Bonner as a wonderful human being, the first aboriginal parliamentarian, a leader of people of Queensland irrespective of their colour or race.

I knew Neville Bonner firstly as a friend and member of OPAL, later as a senator, and always as the first to lead by good examples of tolerance and forgiveness.

His service in the senate was from 1971 to 1983. His service to the nation as a communicator and peacemaker was over a much longer period. He was a much-loved truly outstanding Australian.

Yours Faithfully,

Ronda Herrmann
