Dear Sirs,

As we reside in Manilla and as a result of enforced Council amalgamations, are closely associated with Tamworth approximately fifty kilometres away. We strongly feel we need local representatives in both State and Federal parliaments.

Being on the extreme outer edge of Barwon electorate we feel we are in no mans land and Manilla area is more akin to Pan England than the western areas.

I am very aware that population has a big bearing on electoral boundaries but peoples need are far more vital than lines drawn on a map.

In the proposed distribution of electoral boundaries please consider our close proximity to Tamworth where a big percentage of our money now goes, and relocate Manilla to Pan England electorate.

Yours sincerely

Mrs. Marion H Mann
