Dear Re-distribution Committee,

I would like to express my serious concern about suggestions circulating locally that Glenmore Park might be placed into the Blacktown electorate.

This suburb is part of Penrith and strongly linked with the Lindsay electorate. We have Penrith as our local football team, Penrith is our local shopping precinct, my family works in Penrith and the people of Glenmore Park are so close to Penrith that we can see the shopping centre and individual buildings from Glenmore Park.

Any idea to move us to be part of the very distant Blacktown area is an ill-conceived and poorly thought out suggestion.

Regards

Chris Pittaway
