Redistribution Committee of New South Wales.

Dear Committee,

I am but one voter, but I would wish you to consider the distances involved in such a large electorate as is proposed.

It seems to me that common sense has to prevail and you as a committee owe it to the electors to drive to these areas to see the distances involved on a day to day basis. This should I feel give you a better understanding of the ramifications of what is proposed instead of looking at maps and population figures.

There is also quite a difference in the requirements of people living in the west of the ranges compared to the coastal areas. I have spent a lot of time out west and appreciate this even though I was born on the coast and live here now. This should be kept in mind as if it is the same in all areas.

Yours faithfully

HJ Anthony
