The Australian Electoral Commission

Dear Sir,

I am very concerned with your re-distribution of electoral boundaries.

How on earth can you possibly imagine that one Federal member can service an electorate of half the state. The two electorates, Parkes and Gindree that have become one, were in themselves too large.

It seems to me that people who live west of the Sandstone divide, don't deserve reasonable representation.

I do hope you will reconsider and give the people "out west" what they need and deserve.

Yours sincerely,

Shirley Lunn
