To The Redistribution Committee for NSW
PO Box 20014 World Square
NSW 2002

We the undersigned strongly protest to the changes proposed for the Parkes Electorate.

The proposed size of the electorate is so vast an area, how can one representative possibly represent the electors in a satisfactory way?

The increased cost of travel and time available would make it impossible for that person to even cover the electorate plus the many needs and enquiries from the people.

We hope you give this enormous change the serious consideration needed before a final decision is made.

Yours faithfully,

Patricia Baker
