Dear Sir,

I write to object to the proposed abolition of
Guydie electorates.

I suggest that, before you go ahead with this
insane scheme, you visit the area and see and hear
what the people have to say.

This part of N.S.W. is one of the most productive
in Australia. Numbers may be down a bit because of
drought but will pick up when it breaks.

Please give us all in Country N.S.W. a fair go and
don't take away our representatives

Yours Faithfully,

Stuart Body
