Dear Sir,

Re: The proposed new seat of Parkes.

We are writing to express our opposition to the new redistribution of the boundaries to create the new seat of Parkes. The proposed boundaries do not take into consideration the natural boundaries that separate and also create natural links between communities. The connection of the towns of Parkes and Forbes is naturally with Dubbo and not Orange. Other communities further west demand easier access to their members of parliament, a situation that is granted unquestioningly to people on the east coast.

For the above reasons the new seat of Parkes must be reconsidered so that boundaries are equitable for all of NSW.

Yours faithfully
