I wish to strongly object to the proposed redistribution within the central western area.

This area is a very large electorate and is at present at best only just represented any changes to increase the area will ensure the residents are treated as third world citizens and will very likely never have the opportune time to meet with their represented person and as such will very likely never really know much about their choice of candidate.

Leave this area alone as any savings will be at our expense and WE are the paying citizens.
