001752

Dear Commissioners

I am writing to object to the proposal to abolish the seat of Gwydir.

I think that it is wrong to amalgamate two country seats into such a huge area. It will be very difficult for me to access my local member if he is living 10 hours away!

I realise that a seat in NSW must go, but I think the obvious thing to do would be to abolish a seat in the city. This would cause much less disruption, and would ensure that we all have fair and equitable access to our local member.

I hope that you will consider my objection.

Yours sincerely

Luke Johnston
