The Commission,

I wish to record my disgust and objection with the proposed changes you are intending to make by abolishing the Gwydir electoate.

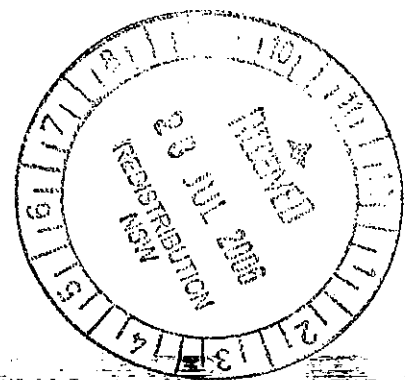

Your proposal to create a new electorate of Parkes which would be 47 % of the State of NSW is both stupid and an impossibility for the area to be serviced and represented by the siting Member.

Your actions indicate to me that you are unable to make the hard decisions based on logic, fair play and that which the community support. Instead you are prepared to remove Gwydir for no other reason, than the sitting Member retiring from Parliment and thus making your task easy and not upsetting any current Members of Parliment.

This is just another example of the "gutlest" persons given the responsibility to make often tough decisions based on facts and commonsence.

Shame on you.
