Dear Sir - Madam,

I write to express my dismay,
disgust & complete disbelief at the proposal to abolish the
seat of Gyngdie.

It is already a seat that covers a huge area &
to make it even bigger is an insult to all the population of
Gyngdie & ~~the~~ also Parkes that is to merge with Gyngdie.

The tyranny of distance is generally accepted in
this part of the world but it becomes laughable when you consider
the effect this change will have. The cost of fuel & time
it takes to visit our members becomes almost impossible.

I respectfully ask you to reconsider this decision in
light of the above & not disenfranchise a very large section of
hard working & loyal Australians.

Respectfully,

Stuart Beveridge O.A.M.
