Subject Calare redistribution

Classification Unclassified

I wish to strongly object to the proposed boundary change that would see Bathurst move from Calare to Macquarie.

Bathurst is a regional/rural area with links and common interest with the current electorate, the area west of the Blue Mountains. It has no links or common interest with the Blue Mountains.

This move is simply one of convenience for the boundary commission and serves no interest of the electorate and cannot be justified.

I also wish to strongly object to the proposal to combine the electorates of Gwydir and Parkes. The proposal creates an unnecessarily large geographical area with the inherent difficulties of good representation by the elected member.
