Subject The death of Gwydir Electorate

Classification Unclassified

I am totally against the proposed abolition of the Gwydir seat and it's incorporation into the Parkes Electorate.

I live in the Parkes Electorate and know that John Cobb's time is fully taken up servicing the needs of this large area and certainly could not be expected to adequately cover the needs of the people in the proposed new electorate, of nearly twice the current size and nearly half the size of NSW.

This is just another cruel blow to the people of Western NSW and should not be allowed!! Enough is enough.!!!

George R Gibson.
