Dear Sir/Madam,

I am writing to express my objection to the proposed boarder changes for the Federal seat of Greenway.

We have a first time MP who has lied and gone against the people regarding the Liberal Party's IR reforms, sale of Telstra and many other issues. She has also been involved in a funding scandal with the Hillsong church. She is totally out of touch with the people of Greenway. In changing the borders as you have proposed are clearly a Liberal Party proposal to secure the seat for this unpopular candidate.

The people of Greenway will be denied their fundimental right to rebuff this candidates actions. To remove out democratic right to this is both unfair and dishonest.

To approve these changes would be a travisty and totally destroy our faith in the AEC to provide us with an unbiased electoral system.

James Turner
