Dear Sirs,

I am writing to complain vehemently at the proposed redistribution of Gwydir & Parkes electorates. Gwydir, as it is, is already impossible for a Minister to cover & do a satisfactory job; and now, proposing to merge it with Parkes has to be ludicrous when one looks at a coloured map of the state as proposed.

Surely, someone must be concerned for the residents in these areas who, already coping with horrendous drought, are now hit with this outrageous proposal.

What happened to the Aussie "Fair Go?"

Yours sincerely,  
Clara Hopeman
