Dear Sirs,

Re the redistribution of
electoral boundaries in N.S.W.

I'd like to know who came up
with the unworkable idea.

Do you not think it would have
been better to sit down with
all affected areas and have an open
forum. How can a local member
possibly have an electorate that
size put forward, impossible!!

I strongly object to the whole plan
and urge common sense be
applied to this plan, and much
more country people's knowledge
applied to "their areas".

Yours sincerely,
Blair Symons
