Dear Sir/Madam,

I wish to strongly object to the proposed loss of Gwydir Electorate, in the re-shuffling of electoral boundaries, as it is, it is well-nigh impossible for a member to really serve the constituents as well as could be done in a smaller area, so not perceivable at all in such a huge coverage.

Calling the "mega-seat" Parkes does not seem appropriate, seeing as the town of Parkes is not even included, so could be very confusing.

If the altering of electorate boundaries only are considered on the size of the population, therein, then the issues need altering to consider, also, the size of territory as well, especially as the concerns of residence could prove to be entirely different, causing further problems not only for the people, the member, but also at local & state levels.

There are many more reasons, apart from losing the name of Gwydir, why it should not be altered, so trust there will be more reasonable attention given to this matter, particularly as it will mean far less services for a large rural area & its population, than ever before.

Yours faithfully

Glad Bassett (Mrs)
