Haymarket. N.S.W. 2000.

Dear Sir, Members of Coonabarabran C.W.A.

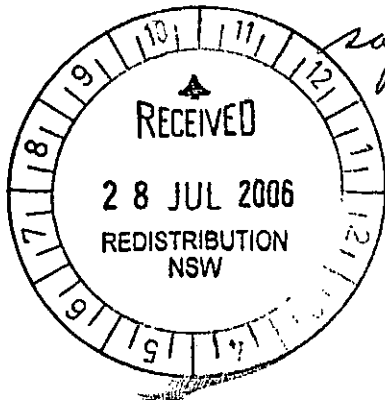

object to the abolishing of the Guyra electorate. We know that this decision will make away large area for a representative to cover and so the representation will not be available when needed.

The member of Parliament needs to see and talk with the people in the area in order to make decisions to place before Parliamentary meetings.

The suggested area is far too large and should be decided on population and area to give country people a say in their future.

Thank you for your attention.

Yours faithfully,
S. Hubbard
Money Secretary.
