Australian Electoral Commission  
World Square N.S.W.

001898

Dear Sir,

I am writing in regard to the proposed abolition of a rural seat in western N.S.W. I am concerned about the proposal and request that the draft boundaries be re-drawn.

The abolition of a rural seat has implications not just for residents of Swydney but regional Australia as a whole.

~~For~~ Our members of Parliament cannot provide fair & equitable distribution to each of 19 local government areas including the proposed seat of Potters. It seems the size of electorates have not been considered.

Please take these matters into deep consideration when deciding boundaries

Yours faithfully

Kevin Saul
