Australian Electoral Commission (N.S.W.)  
P.O. Box 20014  
World Square 2002.

Dear Sirs.  
May I point out to you the caliber of the  
majority of the voters who live in the Gwydir Electorate.  
They may be few in numbers but surely the amount  
they produce, to the advantage of the whole country,  
the jobs their efforts create outside of Gwydir, should  
be taken into account and to achieve this they  
need and surely should be entitled to good and  
easy accessible representation. Distance is time  
and expense.

I therefore plead with you to reconsider your  
proposal to abolish Gwydir.

Yours faithfully,  
Margaret Ladell
