Dear Sir / Madam

001905

I wish to object quite strongly to the proposed redistribution of N.S.W Federal Electoral boundaries. Myself and a lot of other people in this area can see no sense what-so-ever in dumping Guydder into the Parks electorate. This will take 47 to 50% of the state.

We are having a leg up head with Dylstone Shire being put in with Budgee (against our wishes - we had a great shire) Now they cannot agree on a name - (Mid Western Shire Council) or Budgee Shire.

P.L.C.A.S.E leave us in Guydder. The people of this area needs to be heard - I think this is a very rude decision without consulting us - the residents. We have a wonderful politician looking after us. If you put this area in balance we won't have that, we will soon have nothing if you keep taking these things from us. After this it will be something else. Please think about this C.A.R.E-F-U-L-L-Y if you want our votes in the next elections -

Regards
