Redistribution Committee for N.S.W.

P.O. Box 00014,

World Square. 0002.

Dear Sir,

I wish to advise your committee of my strong disagreement with proposal to abolish the electorate of Gwydir and greatly increase the size of Parkes.

It is difficult enough now for country people to have their voices heard in the Federal parliament and one less electorate would further exacerbate that problem.

Surely a more equitable redistribution would be to abolish an outer metropolitan or mountain electorate and have those electors maintain the numbers for country electorates.

Yours faithfully,
Peter Griffin.
