AEC Mr. Campbell
Federal Redistributing Committee NSW

Whoever drafted this proposed seat of Parkes has never been to the country. It would effectively reduce the voice of country people in Federal Parliament.

We do try to keep in contact with our member even with miles of travelling, unlike city people who couldn't be bothered to go a few miles.

Is this a Socialist Country??
Where is the democracy in such a proposal??

Why not wipe out a city electorate where all the dole-bludgers are!
