Dear Sir,

It is difficult to understand how and why you arrived at the decision to abolish the electorate of Gwydir and create the extremely large electorate of Parkes.

It is inane and ridiculous to imagine fair representation will exist for all those living in the new Parkes area, to be covered by one M.P.

This action creates yet another minority to be marginalised and without a proper spokesman to take their concerns to the Australian Government. There must be other options open to the Electoral Commission.

Some say population in the rural areas is shrinking and the area is dying. Unfortunately it appears at times that rural areas are being murdered.

Looking forward to the decision to abolish the Gwydir electorate being reversed.

Yours sincerely
