To Whom this may concern,

I, like thousands of other electors in the Gwyder electorate are horrified at the intentions of the A.E.C. to extend our area.

What has happened to 'Democracy'? We continually hear voices from the 'Powers that be' encouraging people to move out of the crowded cities to rural areas - what incentives can they see - voices in the wilderness!!

No way. - those of us have plenty to battle with - high freight and travel costs to name a few - even though a firm belief that our great country must be developed and, if we are willing and have the fortitude to stick it out then surely its a case of -

Fail go Aussie -  
think about it.

Yours in anticipation,  
(Mrs) M. J. Moody
