Subject electoral boundary submission

Classification Unclassified

Dear Redistribution Committee,

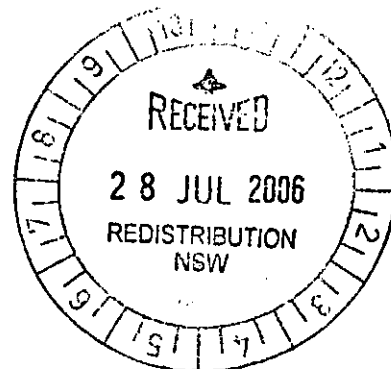

I am writing to express my concerns about the proposed boundary changes overall.

For instance how can people living in Werrington, Glenmore Park and Kingswood (seat of Lindsay) all of which are in Penrith LGA. People work, go to school, churches, shop locally and in the Penrith CBD, belong to local sports teams and use Nepean Hospital now be included in the seat of Chifley.

The same with people living in Seven Hills and Toongabbie (Greenway seat) both being in Blacktown LGA will move to Parramatta. Same problem again schools, shopping in Blacktown CBD, Blacktown Hospital, sports facilities work. Surely if the changes are made they should be included in Chifley which covers the Blacktown CBD.

Any boundary changes should not give any political party an advantage particularly in marginal seats such as the case in the seat of Greenway. People should not be torn apart from their local communities for the sake of voter numbers.

Yours Sincerely,
Debbie Robertson
