Dear Members of the Committee

The proposal for abolition of the seat of Myer with reluctant merge into the seat of Parker has shocked and concerns me greatly.

This is not judicious representation in any sense of the word as the size of the electorate will be far too huge for the member to cope with and be able to efficiently voice our concerns and interests, which is so important for country people.

The abolition of a city seat would be far more practical and much less disruptive.

I appeal to you to rethink this draft proposal and come up with a sensible and logical solution as suggested.

Yours faithfully
Penelope Kirkby
